Emergency Rescue Services

YOU CAN COUNT ON US

We're famous for our roadside assistance but what does it include?

- Do you know that our patrolmen have a 90% success rate with on-the-spot repairs at the side of the road?
- Do you know that you are entitled to roadside assistance as a passenger in someone else's car?

Our fleet of emergency response vehicles includes patrol vans, mobile battery vans and tow trucks, which operate in Johannesburg, Pretoria, Cape Town, Durban, Port Elizabeth, East London, Bloemfontein, Mbombela and Pietermaritzburg, and where necessary we use AA approved contractors. Our National Call Centre operates 24 hours a day, 7 days a week. If you have an emergency, one call is all it takes.

Roadside assistance

Electrical or mechanical breakdowns

Accidents, theft, attempted theft and vandalism

AA Stand By You roadside security

Request this service when your car breaks down and an armed security guard will stay with you until our patrolman arrives. In addition to personal protection, this service reduces the risk of hijacking and vandalism. It is linked to roadside assistance in major urban centres and is available free of charge to all AA Advantage Plus Members.

AA Mayday emergency medical rescue

In a medical emergency, when speed and quality of service are essential, AA Mayday could make the difference. We provide 24-hour AA Mayday emergency medical rescue for unforeseen emergencies that occur in your vehicle, at home, at work or on holiday. We will arrange and pay for your emergency medical transportation to the nearest appropriate medical facility. Your spouse and children under the age of 26, are covered at no extra cost.

These include one, or a combination of the following services:

- Accommodation for you and up to four passengers travelling with you
- Or, car rental to get you to your destination

Roadside Repair Services

Roadside repair services are limited to minor or temporary repairs to get the vehicle on the road again and does not replace the need for permanent repairs and regular servicing.

Assistances

Roadside assistance entitlements:

- AA Advantage Plus Members
 - 5 assistances per 12 month subscription
- AA Advantage Members
 - 5 assistances per 12 month subscription
- AA Alliance Members
 - 3 assistances per 12 month subscription

We will charge any additional assistances at exclusive AA Member rates. Unused assistances at the end of a subscription year are forfeited and are not carried forward into the next subscription year.

You must provide us with the correct location of your vehicle and enough information on the vehicle being towed. Incorrect or incomplete information may cause a delay in the provision of services and could result in additional costs for your account.

In the event of an assistance, you must remain with the vehicle and produce your AA Membership card and proof of identification when the service vehicle arrives.

Terms and Conditions

Where any breakdown case needs the use of more than one of our resources, such as a road patrol, battery patrol, locksmith or tow provider, we will count these as a single assistance.

Once we have provided assistance for a breakdown, we consider any subsequent assistance for the same breakdown a separate incident. This includes towing a vehicle that was towed after hours to your home, a storage area or other place of repair or safety and then needs a further tow due to the same breakdown event.

If you cancel the assistance after we have dispatched the service vehicle, this is still regarded as an assistance.

If you call on more than one occasion for the same problem, each request will count as an assistance.

If you are not at the vehicle when we arrive and we cannot provide service, this will count as one assistance, and we will not be liable for any damage. If the vehicle is unattended when the tow truck or patrol vehicle arrives, it may leave the scene.

Rural Areas: in all the above instances, you may have to cover AA approved tow contractor costs and request a refund (see section on refunds on page 10). Should this be a long distance tow (greater than 40 km) the additional kms travelled will be for your account.

Should you breakdown with your pet, the AA will transport your pet in the AA tow truck cabin provided your pet can be placed into a proper transporting cage. Should this not be possible, your pet will be required to travel in your vehicle. In the event that you are incapacitated, the AA will coordinate the rescue of your pet from the breakdown scene in conjunction with the SPCA and inform you of your pet's whereabouts as soon as possible. Although every effort will be made to ensure your pet's safety, the responsibility for your pet's well-being remains with you.

Areas we cover

We provide services in South Africa.

Should the breakdown occur in Lesotho, Swaziland, Botswana or Namibia, we will arrange for the vehicle to be towed to the nearest place of safety or repair, subject to the availability of a suitable AA approved tow contractor. You must pay the tow provider for the tow and request a refund from the AA of up to R 643 (incl VAT) on your return to South Africa.

Roadside security is available to Members who specifically subscribe to the service, in conjunction with a roadside assistance, and only in certain urban

areas in South Africa, subject to the availability of our AA appointed service provider.

Please refer to AA Stand By You terms and conditions, available on our website www.aa.co.za.

We also provide AA Mayday emergency medical rescue if you travel to Lesotho and Swaziland and if it is medically justifiable.

Please refer to AA Mayday terms and conditions, available on our website www.aa.co.za.

ROAD PATROL SERVICES

Road patrol services are only available in urban areas and exclude motorbikes. In instances where an AA resource is not available one of our AA approved contractors may be used. If assistance for your vehicle exceeds the 40 km round trip distance, the additional mileage will be for your account and will be charged at our preferential AA rate per kilometre.

Emergency fuel

If your vehicle runs out of fuel at a location other than a filling station, we will supply up to 10 litres of fuel to reach the nearest petrol garage. If necessary, we will provide a tow to the nearest filling station within your Membership benefit entitlement.

Terms and Conditions

Battery service

If your vehicle's battery cannot be jump-started, our battery patrols can sell and fit a new battery on-the-spot. The mobile battery replacement service is subject to availability and in urban areas only. All batteries come with a national 24-month battery guarantee.

TOWING

If your vehicle breaks down and cannot be repaired on-the-spot, we will tow your vehicle to the nearest place of safety or repair within a 40 km round trip. The first night's storage is free to AA Members, and any storage requirement over and above this will be for your account.

In instances where an AA tow truck is not available one of our AA approved contractors may be used.

In such instances, the AA's liability of the long distance tow will be limited to the equivalent costs of providing you with one of the other extended benefit options.

Collecting your vehicle

If you opted to use the accommodation or car rental benefit during your incident, we will pay for you to hire a vehicle, for up to 24 hours, to collect your vehicle once it has been confirmed that your vehicle has been repaired, provided the place of repair is more than 100km from your home.

6. Debit Orders

In instances where your initial debit order was unsuccessful, we'll advise you of the rejected debit order through an SMS and automatically re-submit the debit order on the next debit order run (1st, 15th and 25th) to ensure your service continuity. Unfortunately, any bank charge penalty imposed will not be refundable from the AA.
